***Analysis by the Legislative Reference Bureau***

Under current law, drivers who are convicted of a third, fourth, fifth, or subsequent violation related to driving while intoxicated are subject to fines and terms of imprisonment. The amount of the fine and the length of imprisonment increase with each subsequent conviction. If a driver has an exceptionally high alcohol concentration at the time of his or her offense, any applicable fine is increased as follows:

1. If the person had an alcohol concentration of 0.17 to 0.199, the fine is doubled.
2. If a person had an alcohol concentration of 0.20 to 0.249, the fine is tripled.
3. If a person had an alcohol concentration at or above 0.25, the fine is quadrupled.

This bill applies the increased fines for having an exceptionally high alcohol concentration to people who commit a first or second violation related to driving while intoxicated.

For further information see the **state and local** fiscal estimate, which will be printed as an appendix to this bill.
